

Venkateshwaran Mohan

+91 8300017494 | m.venkateshwaran2207@gmail.com | [linkedin.com/in/venkatesh-waran/](https://www.linkedin.com/in/venkatesh-waran/)

EDUCATION

PSG Institute of Technology and Applied Research

Bachelor of Engineering in Computer Science and Engineering

- **CGPA:** 9.55 — Secured University Third Rank

Coimbatore, IN

Jul. 2019 – Apr 2023

PROFESSIONAL EXPERIENCE

Associate Applications Developer

Oracle Financial Services Software Limited

July 2023 – Present

Bengaluru, IN

- Enhanced payment modules including Book Transfers, Instruments, Clearing and Indian payments (RTGS, NEFT, IMPS, UPI), achieving up to 80% efficiency improvement through performance tuning and batch processing
- Client-Specific Accounting Enhancements: Delivered accounting upgrades for CitiBank, Wells Fargo, and Barclays
- RBI Compliance: Developed Beneficiary Name Lookup verification facility for RTGS/NEFT as per RBI mandate
- Message Generation: Implemented and enhanced MT900/MT910 and camt.054 for Book Transfers, Reversals, and Clearing
- Field 72 & Hybrid Addressing: Enabled Field 72 in CAMT/MT messages and hybrid address handling in camt.107–109
- Built a dispatch visualization tool and a self-healing framework during as a part of hackathon
- In-depth knowledge of Clearing, Book Transfers, Instruments, Positive Pay, UPI, RTGS, NEFT, and payment messaging standards (MT/camt)
- Resolved 500+ support issues and addressed multiple performance bottlenecks for leading banking clients

Web Application Developer

ELGI Equipments Limited

Oct 2022 – Feb 2023

Coimbatore, IN

- Developed a dynamic website to display compressor data by integrating IoT using PTC ThingWorx and ensured the website's compatibility across various devices

Product Developer Intern

Kaar Technologies

Aug 2021 – Feb 2022

Chennai, IN

- Contributed to the development of employee onboarding management for the 'Kebs' team using Angular
- Assisted in code conversion from SAP ECC to SAP S/4 Hana applying a bi-directional LSTM model with a 65% accuracy rate

Student Intern

Cisco Networking Academy

Feb 2021 – Aug 2021

Remote

- Completed certification courses in Introduction to Cybersecurity, Introduction to Packet Tracer and Cybersecurity Essentials
- Simulated a secure network as a capstone project using Cisco Packet Tracer, identifying potential vulnerabilities and providing actionable insights

ACADEMIC PROJECTS

Evolvable Hardware Using Genetic Algorithm | *Python*

Nov 2022 – Apr 2023

- Designed and implemented Evolvable Hardware (EH) using Genetic Algorithms (GA) on FPGA platforms, achieving faster convergence with 4-point crossover and uniform mutation compared to 2-point and 8-point configurations
- Employed rank-based and tournament selection methods to evolve a population of 100 chromosomes (36 bits each) over 30 generations with a 40% selection rate, demonstrating superior convergence efficiency and enhanced fault tolerance through intrinsic GA-based self-repair mechanisms
- Demonstrated significant improvements in fault tolerance and self-repair capabilities through intrinsic GA-based repair mechanisms

Itech Expo Application | *HTML, CSS, JavaScript, Node.js, MongoDB*

Jan 2022 – Feb 2022

- Designed and developed a web application for real-time crowd updates and event details, used by 500+ users utilizing HTML, CSS, JavaScript, Node.js, and MongoDB for seamless data delivery

TECHNICAL SKILLS

Languages: Java, Core Java, Python, C, JavaScript, SQL, HTML, CSS, MongoDB

Developer Tools: Eclipse, Visual Studio, RAD Tool, Git, Cisco Packet Tracer, Jupyter Notebooks, PTC Thingworx, Node.js

CERTIFICATIONS

- Google Project Management Specialization
- IBM Applied AI
- Google IT Automation Specialization
- Deep Learning Specialization
- CCNAv7: Introduction to Networks
- Python for Everybody Specialization

COMMUNITY INVOLVEMENT

- Developed educational flashcards for school students and organized sporting events for children in remote areas while participating in environmental cleanup activities to support local communities through Oracle Volunteering.
- Led fundraising initiatives to support the well-being of children in remote areas and conducted interviews to strengthen the recruitment efforts, Aashman Foundation.
- Advocated for women's health by promoting sanitary napkins and provided mental wellness support and counseling to enhance safety and mental health awareness, Beyond Meds Foundation
- Promoted educational products and courses as a Community Influencer, earning recognition as a top influencer for impactful contributions during the internship at Unschool
